Second Ward Caucus.

The Republican electors of the Second Ward of the city of Janesville, are requested to meet at the Engine House in said ward, on SATURDAY, September 21st, 1861, at one o'clock P. M., for the purpose of electing delegates to the Fifth Assembly District Convention, to be held in this city, on the 21st, at 7 o'clock P. M.

WAR MEETINGS.

A meeting in aid of the movement to form the new regiment will be held: At Magnolia Corners, on FRIDAY EVENING, September 20th, at 7 o'clock P. M. Let everybody with their wives come out.

At Albany, Green county, at which an Ox will be roasted, on SATURDAY, the 21st inst., at 2 o'clock P. M. L. P. Harvey and others will speak.

An the Stone School House, in North Johnson, on FRIDAY, the 20th day of September inst.

Good speakers will be present at the above meetings.

THE COUNTY FAIR.—Our county fair has been well attended to day. The weather is exceedingly pleasant and the roads in fine order. This has brought in a large number of people from the country. The address will be delivered by Hon. J. R. Doolittle tomorrow at 3 o'clock.

The show of fruit at this fair is remarkable, and we understand it will all be sold, to-morrow afternoon, for the benefit of the war fund.

The receipts we are informed, have been quite equal to the expectations of those who have had the management of the fair. We hope to see a good attendance to-morrow, to hear the address. Those who attend may be safely promised an ample reward for their pains.

A GOOD APPOINTMENT.—We learn that Dr. H. P. Strong, of Beloit, has been appointed Surgeon of the 11th Wisconsin Regiment. We regard this a very fortunate appointment. Dr. Strong is a surgeon of the first class, and besides that is a gentleman of such social qualities as will make him a favorite of the regiment.

The 11th is the Dane County Regiment, and it has already seven hundred men enrolled.

TEXTS ARRIVED.—Thirty tents for the Rock and Green county regiment arrived to-day. Five hundred blankets for the regiment will be here to-day.

BARBECUE.—There will be a barbecue at Albany, Green county, on Saturday, Sept. 21st. Hon. L. P. Harvey, Wm. L. Mitchell and C. G. Williams will be present on the occasion, and address the people with immediate reference to the completing of the Rock and Green county regiment.

ELECTIONS OF OFFICERS.—The election of non-commissioned officers of the "Ruger Guards" will take place on Thursday evening at 8 o'clock, P. M. Let every member be at the army at 7 P. M., precisely. Per order of ED. RUGER, Capt.

A CLEMENCYMAN, who has been compelled to leave the south on account of his loyalty, and is thus suddenly deprived of all means of supporting his family, is desirous of obtaining a class in German and French. His terms will be moderate. Those who from patriotic or other motives, are willing to furnish scholars, are requested to leave their names with either the Rev. Mr. Deers, or Rev. Mr. Spalding, without delay.

SWORD PRESENTATION.—Swords will be presented to the commissioned officers of the Orfordville Volunteers, at Orfordville, on Saturday afternoon next.

FRESH OYSTERS.—Thos. Woollicroft has received a large supply of these delicious bivalves, and is prepared to supply dealers at wholesale or retail. He also serves them up in every style, and at all hours.

WE have quite an amusing incident in the volunteer line, related by a correspondent at Bradford, but as we are not entrusted with the name of the writer, we cannot gratify the reader with its publication.

GOOD GUYS.—The patriotic young ladies of the town of Porter have passed a solemn resolution, that they will not hereafter permit any young man to escort them to a ball or party who refuses to enlist in defence of the country. This we call the right kind of spunk on the part of these young ladies, and it may have the effect of sending all the young men of that town to the wars, or of compelling them to emigrate to some less patriotic place.

THE RUMOR IN CIRCULATION that the Union Guards, of Evansville, had united with the Zouaves of this city, is incorrect.

THE FOOTVILLE ZOUAVES, Capt. Couch, arrived to-day. There are 26 men in the company, who will unite with the Union Guards of Evansville.

LOST.—A package of money, in an American Express envelope, somewhere between the Corn Exchange and the Chapin warehouse. The finder will be liberally rewarded by leaving the same at this office.

PANORAMA OF THE WAR.—Our readers will bear in mind that this fine painting is now on exhibition at Lappin's Hall. Every person should go and see it while they have an opportunity. The doors will be open this evening at 7 o'clock.

FOCUS.—A package of cloth has been left at this office. The loser is requested to call and identify the goods and take them away.

Harmony War Meeting.

At the adjourned meeting on Saturday the 14th inst., the committee appointed to get recruits for the Rock county regiment reported as follows: There are now already fifteen from this town enlisted in companies now forming, and there is a prospect of getting twenty-five more as soon as some of the men can arrange their business so that they can leave. They further reported that there are already twenty-seven now at the seat of war from this town, and in their opinion the town of Harmony has done as much, if not more, according to population, in furnishing men for the war, than any other town or city in the county.

And it may as well be stated now, and there has a wrong impression gone abroad about the company formed in the town of Harmony, that the company never was formed to offer their service as a company, but it was to be a kind of military school where young men could be drilled, and be ready at all times to join other companies, and be ready for service, and every one that can leave has now and will join other companies. The company will remain and drill and receive new members, and every young man and all who are willing to learn the movements of a soldier are invited to join.

The captain having resigned, and the second lieutenant joined a company in the Rock county regiment, the company will hold an election to fill vacancies, on Saturday the 21st at 2 o'clock P. M., at the house of Mr. J. Boyd, by order of the 1st sergeant. The meeting adjourned to Sept. 29th, at 4 o'clock P. M., and as there is other business connected with the war fund to be transacted, every one is requested to attend.

GEORGE WILBUR, Chairman.

PETER SCHMITZ, Secretary.

General Order No. 17.

ADJUTANT GENERAL'S OFFICE, Madison, Sept. 17, 1861.

The counties of Rock and Green are hereby authorized to raise a regiment, to constitute and be called the Thirtieth Regiment, Wisconsin Volunteers.

The citizens of these counties are hereby authorized to enlist volunteers, for the purpose of filling said regiment.

The regiment will consist of ten companies, and each company will consist of not less than eighty-three, nor more than one hundred and one men, rank and file. As soon as forty men or over are enlisted in any company, upon reporting to this office and company will be ordered into quarters, at the expense of the state.

When companies are filled, to sixty-five men, mustered into the service of the state, they are authorized to hold an election for company officers, in the active service, with not less than sixty-five members present and voting for such officers.

No volunteer or member of any company will be allowed to go into quarters at the expense of the state without first taking the oath prescribed by chapter four, of section seven, of the laws of the extra session of 1861.

The camp of rendezvous of said regiment will be located at the city of Janesville, in the county of Rock.

By order of the Commander-in-Chief, **WM. L. UTLEY,** Adjutant General Wisconsin.

IMPORTANT FROM ST. JOSEPH, Mo.—Mr. Minor, proprietor of the Pater House, the principal hotel in St. Joseph, Mo., reached this city this morning, having left there on Saturday morning last.

He says the federal troops have re-possessed themselves of the city of St. Joseph. The rebels had occupied the town for about a week, but on Friday last the Kansas second regiment, was soon followed by other Union troops, entered the city and drove out the rebels and are now in quiet possession of it.

The Union troops there number about six thousand. The rebels took to their heels when the federal forces approached, but a large number of them were nevertheless captured, and are now in the hands of our troops, together with many slaves employed by the rebels, who will be confiscated to it.

While the rebels had possession of the city they committed many excesses, robbing stores and seizing the private property of Union men. Mr. Minor says his federal flag is the only one remaining at St. Joseph, and he kept it flying over his hotel all the time the rebels were there, and he and his boarders being well armed, defied them to remove it. They did not attempt to do it.

It took Mr. Minor thirty-two hours to get through from St. Joseph to Hannibal. There are several bridges along the road, where the rebels have torn up the track. This train is the first that has come through for over a week, and it was fired upon by skulking bands of secession guerrillas three times before reaching Hannibal. —Chicago Journal.

MAJOR SLEMMER'S SHIRT DEALING AMONG THE REBELS.—He shows his patriotism. Gentlemen who arrived yesterday from Roane county, report that they have recently had very exciting times in Roane and Wirt counties. Major Slemmer of Gen. Rosecrans' staff was sent down to Spencer with a force sufficient to clean out the secession of that vicinity. Unfortunately the coming of Slemmer was ascertained by the rebels, who managed to escape from the vicinity of Spencer. The latter part of last week, however, Slemmer encountered a considerable force of secessionists at Big Bend, Wirt county, about ten miles from Hurricane Springs, and after skirmishing with them two or three days they succeeded in beating a retreat with a loss of fifteen killed. Lieut. McClosky, of the Union company from Roane county, was shot in the abdomen, and after lingering about twenty-four hours died. The Union forces then burned the house of Peter Seiberg, a prominent secession leader, and also the house of another rebel whose names we did not learn. Both of the houses were destroyed.

Two rebels who had taken the oath of allegiance, and were caught with arms in their hands, were taken out and shot. Two more men, caught under similar circumstances, have been shot the next day.

Major Slemmer, in marching through Roane county, found eight dead bodies in an obscure thicket. It is not known whether the bodies are those of Union men or rebels. Major Slemmer is satisfied that they have signed rockets to warn one another of the approach of his force. They also have a signal like the hoisting of an owl, which is very advantageous. By these and similar means, they are enabled to elude the pursuit of Slemmer's command and to scatter into small bodies.

The military authorities at Parkersburg are tightening the lines upon the rebels and ingurgitated vigorous means to crush rebellion in that part of the country. No man is permitted to leave the town without a pass, and without first taking the oath of allegiance. Guards are placed up on all the roads leading from the town.

Major Slemmer has taken possession of the town of Spencer in Roane county, and made it his headquarters.

Janesville Fire Zouaves.

This company has been sworn into the service of the United States, in the tents and camp equipage. The members have received their uniforms and arms, and are now being drilled by the company to the required number. For the purpose of getting these men a Recruiting Officer, for this company, will be found at the Clothing Store of B. Hornhelm until the required number is obtained.

WM. H. BRITTON, Captain.

Janesville, Sept. 15th, 1861.

A GREAT DISCOVERY.—It has been discovered by thousands of housekeepers in different sections of the country that D. B. Leard & Co.'s Chemical Saleratus is the only Saleratus that will produce a uniform result and give perfect satisfaction. If you try it, you will always buy it.

Democratic Assembly District Convention.

The Democrats of the towns of Clinton, Bradford, Johnson and La Prairie are requested to meet at Bradford Grove, on FRIDAY, the 20th inst., at one o'clock P. M., to choose two delegates to represent the district in the Democratic State Convention, to be held at Madison on the 24th of October next.

N. H. JOHNSON, Dist. Comm.

M. R. JONES, Secy.

Dated September 14th, 1861.

Town of Johnson.

The Democrats of the town of Johnson are hereby notified to meet at the Johnson Center House, on FRIDAY, the 20th inst., at three o'clock P. M., for the purpose of choosing delegates to attend the Assembly District Convention to be held at Bradford Grove, on Friday the 25th inst.

By order of Committee.

Dated September 14th, 1861.

COMMERCIAL.

Janesville Wholesale Market.

Reported for the Janesville Gazette.

BUMP & GRAY.

The Daily Gazette.

City of Janesville.

Wednesday Evening, Sept. 18, 1861.

Official Paper of the City.

Forever float that standard sheet!
Where breeches the foe but falls before us?
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us!

Republican State Convention.

A Republican State Convention will be held at the Capital, in the city of Madison, at 12 o'clock M., on WEDNESDAY, the 25th day of September next, for the purpose of nominating delegates to state officers.

Each assembly district, under the new apportionment, will be entitled to two delegates in the convention.

The committee recommends that the primary meeting for the selection of delegates be held on or before the 14th day of September, and that the district committees issue early calls for such meetings, and that the people may be thoroughly notified, and choose delegates who fairly reflect their wishes.

HORACE RUBLEE.

Chairman State Republican Central Com.

Madison, August 12, 1861.

Fifth Assembly District Convention.

The Republican electors of the fifth Assembly District, comprising the city of Janesville, will meet in convention, by their delegates, on SATURDAY, the 23rd day of September, at 10 o'clock P. M., at the court house, to select two delegates to attend the Republican State Convention at the city of Madison on the 25th day of September, 1861. The several wards in the city will be entitled to the following number of delegates in said assembly district convention, under the apportionment of the city committee, to wit:

| | | | |
|-----------|---|----------|---|
| 1st Ward, | 6 | 31 Ward, | 8 |
| 2d " " | 6 | 32 " " | 8 |

JOHN R. BENNETT, JR., City Committee.

Wm. A. LAURENCE, Jr., City Committee.

R. B. TAYLOR, City Committee.

Second Assembly District Convention.

The several wards comprising the second assembly district in Rock county, to wit: the towns of Fulton, Harmony, Milton and Lima are requested to send their usual number of delegates, to meet in convention at the house of Joseph Goodrich, in Milton, on the 23rd day of September next, at two o'clock P. M., for the purpose of sending two delegates to represent said district in the Republican State Convention to be held at the Capitol, in Madison, on the 25th day of September, 1861, and to transact such other business as may properly come before the convention.

By order of the District Committee.

Dated September 12th, 1861.

Assembly District Convention.

The Republicans of the towns of Clinton, Bradford, Johnston and La Prairie are requested to elect delegates from their several towns, to meet in convention at Elmwood Grove, on SATURDAY, the 23rd day of September, at 10 o'clock P. M., to choose two delegates to represent the district in the Republican State Convention at Madison, on the 25th day of September, 1861.

By order of the Committee.

Assembly District Convention.

The Republicans of the assembly district composed of the towns of Fort Union, Magnolia, Center and Janesville are requested to send delegates to a convention to be held at the Hall Tavern, in the town of Fort Union, on SATURDAY, the 23rd day of September, at 10 o'clock P. M., for the purpose of selecting delegates to represent said district in the Republican State Convention, to be held on the 25th day of September, 1861.

By order of the Committee.

Town of Johnston.

The legal voters of the town of Johnston are requested to meet at the Johnston Center House, on THURSDAY EVENING, September 19th, at 7 o'clock, to elect four delegates to the Assembly District Convention to be held at Elmwood Grove, on Saturday, the 23rd day of September, 1861.

By order of Town Committee.

Editorial Correspondence.

ONEIDA, Sept. 14th, 1861.

Yesterday I attended the Oneida county fair at Rome. I expected, of course, in a county as populous and wealthy as Oneida, to find, in some departments at least, a display greatly exceeding the new counties in the west, and a superiority in the general character of the fair; but, with the exception of the merely ornamented departments, the poorest fair ever held in Rock county excelled the one I have just attended.

As something of a description of this fair, which, by the way, the Utica Herald, on the authority of the officers of the society, pronounces it "a gratifying success," may be interesting to our Rock county readers, I will give you some particulars of it. The only buildings used for the display of articles on exhibition were three covered, but otherwise open sheds, constructed of unplanned boards, and only one of them as large as the building used in Rock county for the vegetable department. Contracted as these buildings were, none of them were filled. The entire vegetable department could be easily heaped in quantity and quality by our friend Folsebrook, and a dozen other farmers in "old Rock." In the display of fruit, I would be willing to contest single-handed from my own little garden, while the quantity on exhibition hardly equaled the stock daily seen at Winter's stand, at the entrance to Hoyt's bank. The mechanical department, except in the single article of stoves, was no better than the vegetable and fruit. Two single baggies and one carriage told the whole story in that branch of manufacture. In agricultural implements our county fair surpassed this, though there were some particular articles I have not seen in the west.

The floral department, though small, contained some choice and beautiful specimens, and the contribution of paintings and needle work was excellent. In each of these departments, however, I have seen some specimens fully equal in merit in our county, and the number of contributions at least equal.

The stock had been removed the day previous, and I had no opportunity to see it, but judging from the accommodations prepared for it, Rock is ahead in this, as in

other departments. There were but twenty-six small pens, and no stalls. It can scarcely be supposed that we can excel such a county as Oneida in this important department, but I am speaking of the public exhibition of it at a fair.

In the attendance of the people the same disparity was obvious. During the afternoon, the attractions of a ladies' riding match, a trial of fast horses and an Indian foot race, drew out a large crowd; but I have seen a larger number present at the closing proceedings of our fairs. For the ladies' riding match there were but three entries,—two of the riders were girls scarcely a dozen years old; one of them mounted on a small pacer, and the others riding horses that Miss Cronk, St. John, Comstock, or any other of our graceful riders would discard as unfit for a boy to ride bareback after the cows.

The trial of speed was good, and the general display of horses commendable. Two double teams and six single entries were made. Most of the horses went inside of three minutes, and two of them, with the help of a little running, got down to 3:45.

But if the legitimate departments of the fair were poorly filled, there was an abundance of other things. Inside of the fair grounds, there were half a dozen itinerant shows. Six "Young Female Zouaves" exhibited their proficiency in the manual of arms, and, for aught I know, the peculiar gymnastic drill of that famous corps in the military service. The budding charms of a "Living Bush Girl of Sumatra" were loudly extolled by an enthusiastic keeper. A "Living Skeleton" had his shrunken arms and legs ready for examination, if properly paid for. A "Woody Hog with Eagle Claws" asserted his claim to attention. A "Wonderful Snake-Tamer" was gaudily pictured as wreathed with huge crawling "varmints." A "Lilliputian King" contested for the popular favor and the dimes with the petite Zouaves and the woolly hog. Several "Wonderful Rocky Mountain Sheep" in their tent, to which only ten cents admission was charged, possessed greater attractions than the Merinos and Southdowns in the open pen. The inevitable swinging machine was there; a man with an air gun was teaching the old as well as the young to plumb the centre of a target. Two jewelry lotteries, the drawing determined by the throwing of dice, were in full blast, and noisy auctioneers were selling "a large lot of splendid goods" and endeavoring to drown the stentorian voice of a near competitor. One, a robust Irishman, was singing "Canaan" and adopting both the strength of his melody and the style of his rhymes to the necessities of the occasion.

Such was an eastern county fair. I don't want to get up the reputation of a "blower" for home, but really if the people of Rock county should be treated to one such, it would be the last, and the whole system abandoned until it should be so improved and reformed as to be worthy of their support and approbation.

C. H.

BRECKINRIDGE OFF TO RICHMOND.—The Franklin, Ky., correspondent of the Philadelphia Bulletin states that Senator Breckinridge had gone to Richmond, Virginia, which may be true, although no other paper has the news. Breckinridge has not been heard of since his speech boldly advising resistance to the war tax, and he may with good reason consider himself henceforth under the government of Jeff. Davis than he could hope to be outside the confederate states.

The proclamation of Gen. Fremont met a most enthusiastic response throughout the loyal states. But if it exceeds the limits fixed by a law of congress, just enacted with special reference to the present condition of the country, we submit that the President is bound by his oath office and by his duty to the country, to see that the law is respected.—Madison Journal.

We submit that the power of the commanding general was not at all changed by that act of congress, and that the President was no more bound on his oath to see the law respected in relation to slaves than he was to interfere with that portion of the proclamation prescribing that rebels found with arms in their hands shall be shot. The President has modified Gen. Fremont's policy, not on account of the law, but because he considers it the best course.

THE LONDON TIMES CORRESPONDENT.—The President and Secretary of State have been in receipt of a number of petitions from New York and Philadelphia, calling for the expulsion of W. H. Russell, the Times correspondent, on the ground that he is a public enemy who should not be tolerated in this crisis of our affairs. The fact that his false facts and false inferences are accepted as gospel by the entire press of England, and that through them the anti-Union feeling on the continent is strengthened, makes his presence here a public nuisance. It is not likely, however, that anything will be done with him more than cutting him off from the extraordinary facilities for information he has hitherto enjoyed over other correspondents. He may have wit enough in his future letters to deal less in theories and confine himself to well ascertained facts.—Washington Dispatch to the N. Y. World.

The peace organs make a great ado about the expenses of the war. Doctor Bellows disambiguates an old letter of Ben. Franklin in the possession of his descendant, Prof. Bache, of the Coast Survey, written Oct. 19, 1775, which is as fresh as rose, and as timely now as then. The conclusion is as follows: "For my own part, though I am for the most part pious, I am not terrified at the expense of this war, should it continue ever so long.—A little more frugality, or a little more industry in individuals, will with ease defray it. Suppose it £100,000 a month, or £1,200,000. In 500,000 families will each spend a shilling a week, or earn a shilling a week more—or if they will spend a sixpence a week less, and earn a sixpence a week more—they may pay the whole sum without otherwise feeling it. Forbear to drink tea saves three-fourths of the money; and 500,000 women doing each three-pence worth of spinning or knitting in a week will pay the rest. I wish, nevertheless, most earnestly for peace, but we have nothing to expect from submission but slavery and contempt. I am ever, Your affectionate father, B. F."

Notes which are redeemable at St. Louis

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

St. Joseph, Sept. 13. The correspondent of the St. Louis Republican furnishes the following items: The railroad bridge over the Little Platte river is not yet repaired. This does not interrupt travel, however, passengers, mails and troops being transferred at the bridge. Three regiments of United States troops; the Illinois 16th, Iowa 3d, and Kansas 2d, reached here to-day, and more will arrive to-morrow.

Before the arrival of the federal troops more than 5000 mounted rebels rode out of town bound south to join Price. They are an undisciplined crowd, well mounted but poorly armed. The Union men are jubilant and hopeful.

At St. Joseph, yesterday, two companies of Col. Morgan's House Guards had a skirmish with a band of secessionists and routed them, killing 10 or more and capturing several horses.

Point of Rocks, Sept. 16. Yesterday, six men of the Massachusetts 13th, while riding on the tow-path two miles above Harper's Ferry, were fired upon by rebels from the opposite side of the river but one was killed.

Washington, Sept. 17. The government has purchased all the woods which border on the railroad from Washington to the Relay House. The timber will be cut down and transported to Washington to be used as fuel.

A large number of men are now employed in felling the trees, leaving the track of the road perfectly clear on both sides.

Information has been received from the Indian country, stating that several tribes of savages have offered to enroll themselves in the ranks of the enemy. The penalty for this treasonable action is the total forfeiture of their annuities set apart for the benefit of these tribes.

St. Louis, Sept. 17. Gen. Sturges, with one regiment of infantry, two companies of cavalry and one of artillery, took possession of St. Joseph, Missouri, on Friday last.

Another bridge was burned on the Hannibal and St. Joseph railroad a day or two since, precipitating the locomotive into a stream and killing the engineer.

Louisville, Sept. 16. The Richmond Union says Hon. L. P. Walker, secretary of war, has resigned in consequence of bad health. His successor has not yet been appointed.

All banks of New Orleans suspended specie payment to-day, and treasury notes all at par.

The Journal of this morning publishes a correspondence between Hon. Jos. Holt and the President, in regard to Fremont's proclamation. In answer to Mr. Holt's inquiries, President Lincoln endorses the copy of his letter to Gen. Fremont, which has been published.

The Journal learns that from every quarter the recent wanton invasion in Kentucky by confederate troops is disapproved, and there are thousands of instances where southern rights men have announced their purpose to unite in repelling invaders.

The Courier this morning publishes a card calling a meeting of the citizens of Henry, Trimble and Carroll counties, to form a league for the mutual protection of the lives and property of families of all parties, the idea thought to be to put down all marauding bands and to avoid guerilla warfare.

Skeleton new regiment, under Curran Pope, in this city, who graduated at West Point, goes into camp this week on the fair ground near this city. Enlisting is exceedingly lively; besides infantry, navy, cavalry and artillery companies are forming. One cavalry company composed of Germans, and who have been seen, and one artillery company of one hundred and fifty men under J. W. Scott, and will have Peter Hart of Fort Sumter, as 1st Lieut. A cavalry regiment under Col. Jas. Jackson, Missouri, has been newly completed.

Special dispatch to the Chicago Tribune. Ex-President Buchanan has publicly expressed his hearty approval of the course of the administration towards the south. Mayor Berret is here, and has resigned his office.

The steamer Pocahontas has arrived, and reports everything quiet down the river. The steamer Paconcola has gone into commission, and is nearly ready to sail. Four confederate scouts have been arrested by our pickets. They will not divulge anything.

It is evident from a close reconnaissance of Munson's Hill that the confederate force there has been largely increased. A mile west they have much stronger works than those on Munson's Hill, and mounted with heavier guns,—the latter marked by a narrow strip of woods.

From a confederate prisoner I learn that the rebel forces threatening Washington amount to two hundred thousand men, but are deficient in transport facilities, and have no idea of attacking Washington.

Special dispatch to the Chicago Tribune. Cairo, Sept. 17. The gunboat Conestoga captured the steamer Y. K. Stephenson and Gazette, up Cumberland River yesterday. The Stephenson had fifty tons iron on board; the Gazette was without cargo.

The Tyler came up to-day from below and reports everything quiet at Jefferson, and Norfolk; no signs of rebels.

A. B. English, from back of Commerce, Mo., was arrested yesterday as a spy.—Proof strong against him.

Everything is in good condition in and about Cairo.

Parties from Paducah represent everything quiet there.

Special dispatch to the New York Herald. Washington, Sept. 15. Mr. Tassara, the Spanish minister, has called to assure the secretary of state that the report from Charleston that the Captain General of Cuba had issued a proclamation recognizing the rebel flag is untrue. What has happened is, that vessels from any port in the United States in possession of the rebels, coming into port with irregular papers, are admitted ex necessitate without notice of their irregularity, just as they have been admitted in all other ports since the rebels obtained possession of the custom houses in the insurgent states. It is needless to say that no such vessels can be abroad without escaping the blockading force. There is no recognition of a rebel flag in Spanish ports or in any other ports.

The payments over the counter at the United States Treasurer's office are immense. During the last three days of last week the average was nearly one million. On Friday, the 13th, there were upwards of eleven hundred thousand dollars, while the aggregate payments at the same office during the whole month of August, 1860, were only about eight hundred thousand. Treasurer Spinner employs less force than his predecessor had last year.

Nearly all the payments to the army are made in coin, and demand notes on eastern cities are eagerly sought after, but they are sent off west and north almost as soon as prepared. A few are paid to the soldiers, who wish them to remit, but they cannot be prepared rapidly enough to pay off with alt-together.

are not desired by any one in this section of the country, but probably may find circulation west of that point.

Several hundred subscription agents were appointed last week in nearly every loyal state, including Virginia and Kentucky. A considerable number have already accepted and sent in their bonds; the others will be probably all at work this week. The subscriptions of the people have exceeded \$9,000,000, and their patriotic co-operation will doubtless enable them to take the second installment of \$50,000,000, and supply all the money needed for a vigorous but economical prosecution of the war.

Colonel Young, of the volunteer cavalry, yesterday arrested a rebel in Maryland, and left him in the custody of F. W. Walker, the correspondent of a New York paper for safe keeping. After the party of horsemen left, the prisoner stabbed Walker fatally in the abdomen and escaped. The wounded man has had good surgical attendance, but is reported dead to-night. Walker was formerly an Episcopal clergyman in Chicago, but more recently a newspaper correspondent, resident in Brooklyn, where he leaves a wife and several children. It is thought rather singular that a military officer, after assuming the responsibility of making the arrest, should have trusted his prisoner in the custody of a single civilian, instead of securing him by military guard.

St. Louis, Sept. 16. We have advices from Lexington to Sunday, up to which time no attack had been made upon the town. Price had been in close proximity for two or three days, but for some reason had delayed making any demonstrations. The report of an attack on Thursday is contradicted.

Maj. Gen. Hunter left here by the morning train for Jefferson City.

Special dispatch to the Chicago Times. St. Louis, Sept. 17. The chief cause of the difficulty between Col. Blair and Gen. Fremont was the former's desire to be made Major-General of the State forces. General Fremont declined to recommend him to Gov. Gamble.

Colonel Blair then wrote to the authorities at Washington calling Gen. Fremont a bungler, and urging his removal.

Mrs. Fremont went to Washington, made the authorities give up the letters, and returned with them to St. Louis, when Blair was ordered under arrest of court-martial. Mrs. Fremont astonished the President and others with the vigor and talent with which she prosecuted her business. She met old Frank B. Air at the White House, and gave him a sharp lecture on the political misdeeds of the Blair family.

Several Colonels stationed at Rolla have petitioned General Fremont for permission to advance to Springfield. McBride's forces are committing depredations about Lebanon and Hartsville. Col. Wyman sent out forces to meet them.

There is rumor of a fight in Pettis county, in which the Benton Guards were forced to retreat. Gen. Hutton was dedicated to-day. Fremont reviewed five thousand troops. The flag was hoisted and saluted by firing from Totten's and Dubois' batteries.

Lieut. Frank Wolfe, of Ohio in charge of a company of recruits for Sigel's Brigade, was stabbed and killed by a drunken private at the Arsenal.

To-day's Report.

(Reported Exclusively for the Daily Gazette.)

MORNING DESPATCHES.

FREDERICK, Md., Sept. 17. The house met at 11 o'clock to-day. Eleven members were present and answered to their names, and on motion they adjourned till to-morrow noon.

Sac's Kilgore remained in the senate chamber till two o'clock. No senators appearing at the roll call, he announced the senate adjourned till noon to-morrow.

Messrs. Kimmel, Nader and Heedley are the only senators here, and they decline to enter the senate chamber until some of their colleagues arrive, who are expected to-morrow.

CINCINNATI, Sept. 18. Last night, at half past eight, a train on the Ohio & Mississippi road, containing a portion of Col. Turchin's 19th Illinois regiment, while passing over a bridge near Huron, Ind., 143 miles west of Cincinnati, fell through, killing and wounding over one hundred soldiers. Intelligence of the disaster reached here late last night, when a special train was dispatched to their assistance.

The following dispatch was received from the operator at Huron, dated ten minutes past one this morning: Bridge No. 18 broke in two. It let four cars down into the bed of the creek, and one on top of them.

There are about one hundred men wounded, and ten or fifteen killed. The Colonel of the regiment says about that number are killed, although nearly all of our company are missing. It is thought the bridge was weakened by some missiles person.

BALTIMORE, Sept. 17. The correspondent of the American at Sharpshooters reports that on Friday and Saturday last a skirmish occurred near that town. On Friday the rebels appeared in large numbers in Sharpshooters and commenced firing upon the federalists on the Maryland side. Several cannon were brought out by the federalists under Col. Anderson, who brought two of his guns to bear upon them from Donnell's Hill, opposite the town, and opened with ball and grape, which soon silenced the rebel battery and destroyed several houses. A flag of truce was sent from the rebels proposing a cessation of the firing. Since then it has been quiet.

The Herald dispatches contain the following, which is about the only fresh sensation of all the specials: Washington, Sept. 16. Everything is quiet along the line to-day. Several rebels have been taken prisoners within a few days, and they all assert that Gen. Beauregard has promised the extreme south and coast troops that if they will not go home he will move forward before the 20th and have a battle. He assures them that he will take Washington without a shot, and everybody is well, having, or suspected of having, a tinge of influence with the south in authority, vainly striving to get commissions in the army. The Albany Journal tells them how to succeed better: "We are personally acquainted with several young gentlemen who volunteered as privates, but, because of their activity, attention to their duties, and marked excellence of character, already hold commissions. What they have achieved any young man may, who works for it. It is impossible, even for a private, to compel attention from his superiors. There are a thousand ways in which this may be done. Intelligent officers are close observers of the character and deportment of their men, and are not slow to award promotion to their services."

How to GET A COMMISSION.—We have been bored, as others have been, by a good many young men who have wasted weeks and months in dancing attendance upon the departments at Washington, upon public men, and everybody is sick, having, or suspected of having, a tinge of influence with the south in authority, vainly striving to get commissions in the army. The Albany Journal tells them how to succeed better: "We are personally acquainted with several young gentlemen who volunteered as privates, but, because of their activity, attention to their duties, and marked excellence of character, already hold commissions. What they have achieved any young man may, who works for it. It is impossible, even for a private, to compel attention from his superiors. There are a thousand ways in which this may be done. Intelligent officers are close observers of the character and deportment of their men, and are not slow to award promotion to their services."

A dispatch from St. Louis to the Cincinnati Gazette says: Gen. Hurlbut has been ordered under arrest by General Pope. He is accused of drunkenness and unsoldierly conduct. He is a special friend of the President.

Col. Williams of a Kansas regiment, and others, have been placed under arrest on different charges. Their arrests were made previous to Blair's.

Gen. Fremont is determined to weed the department of inefficient and incompetent officials.

AFTERNOON DESPATCHES.

JEFFERSON, Mo., Sept. 17. A correspondent of the St. Louis Democrat gives the following account of the engagement with the rebels at Booneville on the 13th, taken from Capt. Eppenstein's official report: The captain says after the fight had lasted about an hour, the secessionists whom he had taken as hostages became so restless that they begged him to allow one of their number to go with a flag of truce, and ask an armistice. This hostage came back soon afterwards with a request to know my condition. I then demanded that they should withdraw the secession forces two miles from the city, not to molest any families and other Union people, to leave the arms of the killed and wounded on the ground where they fell; while I promised to let the prisoners free whom I had taken, with the exception of preacher Powter, whom I informed that I should shoot in case they failed to honorably keep their promise for seven days.

They left town according to this agreement, and thus this gallant fellow, with only one hundred and fifty men, wholly defeated terms to nearly four times his number. The enemy fought well for a little while,

but out of the whole six hundred, only six could be found to storm the forts.

The leaders bravely led the way, but they absolutely refused to follow. Of these six, our men killed four—two leaders, Col. Brown and his son, Capt. Brown, falling so near the entrenchments that they drew them in and they died inside. Besides these, the enemy lost eight or ten killed and wounded.

A courier just in from Booneville reports that the rebel force was retreating towards Price's command. Besides Col. Brown and his son they lost two other captains.

Col. Brown was armed with three eight inch revolvers, a rifle, a sword and bowie knife. The weapons are now in possession of Lieut. Pease.

The correspondent of the Republican says: Reliable information has been received that Lexington still held out on Monday, and had been slightly reinforced.

Two thousand men from here had arrived at Arrow Rock, but Green had left with six thousand men, taking a southwestern direction.

FREDERICK, Md., Sept. 18. After the forces of the legislature were gone through with yesterday afternoon, of calling the roll and adjournment, an unusual stir took place in the community. Companies of Wilson's regiment were observed passing through the city in different directions, and soon it was found that the city was walled in. No one could go out without a pass from the provost marshal, whose office was soon crowded with an excited throng of people who had been stopped and turned back.

In the mean time the marshal of the Baltimore police was moving quietly about with his officers, accompanied by a squad of military, making arrests, commencing with the officers of the legislature and specially clerks who contended that they would keep the legislative machine going until a quorum should arrive. The first occupant of the guard house was the clerk of the house, Milton Y. Kidd; his assistant, Thos. H. Moore, could not be found till late in the evening, but was finally arrested. The clerk of the senate, Mr. Gilmore, and assistant, Mr. Carnack, were also found with much difficulty and taken to the same destination.

Mr. Gordon and Mr. McCabbin, of Allegany, were next taken, and soon Messrs. Solvin and Darant were arrested. At a late hour Mr. Kesler was arrested, but Mr. Mills at last accounts had not been taken.

The aim of the officers was to arrest all members who voted for Mr. Wallace's former report, about thirty thousand copies of which were yesterday seized as treasonable documents.

During the afternoon the Union members of the house and senate met in caucus, and resolved that the action of senators present in not assembling having virtually brought the legislature to an end, that they would return to their homes and not again attempt to assemble.

Mr. Long was delegated to prepare a brief statement, to be signed and published by the members present. The arrest of clerks will prevent them from calling the roll, and so the legislature is at an end.

Several of the most noisy and active secessionists in town have also been arrested. The prisoners will remain in the guard house all night and be removed to Fort McHenry in the morning.

HALIFAX, Sept. 18.

The steamship Europa, from Liverpool Saturday 7th, arrived. News two days later than per Anglo Saxon. Dead-stuffs firm, provisions dull, general news not of importance.

Advicants have been sent to America proving that Serrell, recently arrested at New York, had no political mission from England, and the money found in his possession was for business purposes only.

An interview between the Emperor Napoleon and the King of Prussia, will take place at Compiègne on the 23d of October. Political affairs on the continent remained unchanged.

Boston, Sept. 18. Subscriptions to the treasury loan yesterday, reached nearly \$225,000.

The Markets.

New York, Sept. 18. Flour receipts 20,500 bbls; market rates quiet and unchanged; sales 6,500 bbls. at 1,704.50 super state, 3,504.75 common to medium extra western, 5,304.50 shipping brands extra R. H. O. Canadian flour quiet and firm; sales 4,000 bbls. at 4,704.50 super, 5,504.50 current extra. Rye flour steady 2,304.75 for range. Receipts wheat 61,563 bush; market higher with good export demand; sales 75,000 bush, 1,07 Chicago spring, 1,084.10 Milwaukee club, 1,164.21 winter red western, 1,22 white Kentucky, 1,25 common white.

MILWAUKEE, Sept. 18. Exchange reported weak at yesterday's prices, with no further decline apprehended; selling at 34 and buying at 24.25 per cent. Currency is being pretty well used up and gold quiet at 144.

Flour advanced 50c, sales 500 bbls spring extra at 3,554.00. Wheat opened dull and heavy, but closed firm and active, sales 4,000 bu No 2 in store, 2c storage, at 61, 5,370 bu No 1 in store, 14c No 2 in store early, 1c storage, at 764.75, 500 do late at 774.25.

WHERE DOES THE SOUTH GET ITS POWDER?—The Troy Whig throws out the following suggestions as to the source from which the rebels get their powder: "In conversation the other day with a leading powder manufacturer of this vicinity, we asked him where he supposed the rebels obtained their powder? He said he had no doubt they had been furnished with large quantities from the north, and that it had reached them through Kentucky. He said there were no powder mills in the southern states to his knowledge; that he had heard of there being a mill in Virginia, but he had never yet found a powder man or a powder user who knew that such was the fact."

How to GET A COMMISSION.—We have been bored, as others have been, by a good many young men who have wasted weeks and months in dancing attendance upon the departments at Washington, upon public men, and everybody is sick, having, or suspected of having, a tinge of influence with the south in authority, vainly striving to get commissions in the army. The Albany Journal tells them how to succeed better: "We are personally acquainted with several young gentlemen who volunteered as privates, but, because of their activity, attention to their duties, and marked excellence of character, already

LOCAL DEPARTMENT.

Arrival and Departure of Mails

| At the Janesville Post Office, from and after May 15th, 1861: | Arrive. | Close. | Depart. |
|--|------------|------------|------------|
| Chicago, through, | 12:30 P.M. | 6:40 A.M. | 7:10 A.M. |
| Way, | 12:30 P.M. | 6:40 A.M. | 7:10 A.M. |
| Onkash and way, | 8:20 P.M. | 11:30 A.M. | 12:30 P.M. |
| Milwaukee, through, | 8:50 P.M. | 6:30 A.M. | 7:00 A.M. |

| Bellevue, | 4:00 P.M. | 9:10 A.M. | 9:40 A.M. |
| Overland mail from Janesville to Madison and St. Louis, departs Tuesday at 6 P.M.; arrives Wednesday at 6 P.M. | | | |
| Overland mail from Milwaukee to Janesville arrives Monday and Friday at 6 P.M.; departs Tuesday and Saturday at 4 A.M. | | | |

Second Ward Caucus.

The Republican electors of the Second Ward of the city of Janesville, are requested to meet at the Engine House in said ward, on SATURDAY, September 21st, 1861, at one o'clock P.M., for the purpose of electing six delegates to the Fifth Assembly District Convention, to be held in this city, on the 21st, at 7 o'clock P.M.

J. J. R. PRASE,
RUBEN JACKMAN,
AMOS S. JONES,
September 17th, 1861.

WAR MEETINGS.

A meeting in aid of the movement to form the new regiment will be held: At Magnolia Corners, on FRIDAY EVENING, September 20th, at 7 o'clock P.M. Let everybody with their wives come out.

At Albany, Green county, at which an Ox will be roasted, on SATURDAY, the 21st inst, at 2 o'clock P.M. L. P. Harvey and others will speak.

An the Stone School House, in North Johnston, on FRIDAY, the 20th day of September inst.

Good speakers will be present at the above meetings.

THE COUNTY FAIR.—Our county fair has been well attended to day. The weather is exceedingly pleasant and the roads in fine order. This has brought in a large number of people from the country. The address will be delivered by Hon. J. R. Doolittle to-morrow at 3 o'clock.

The show of fruit at this fair is remarkable, and we understand it will all be sold to-morrow afternoon, for the benefit of the war fund.

The receipts we are informed, have been quite equal to the expectations of those who have had the management of the fair. We hope to see a good attendance to-morrow, to hear the address. Those who attend may be safely promised an ample reward for their pains.

A GOOD APPOINTMENT.—We learn that Dr. H. P. Strong, of Beloit, has been appointed Surgeon of the 11th Wisconsin Regiment. We regard this a very fortunate appointment. Dr. Strong is a surgeon of the first class, and besides that is a gentleman of such social qualities as will make him a favorite of the regiment.

The 11th is the Dane County Regiment, and it has already seven hundred men enrolled.

TENTS ARRIVED.—Thirty tents for the Rock and Green county regiment arrived to-day. Five hundred blankets for the regiment will be here to-day.

BARBECUE.—There will be a barbecue at Albany, Green county, on Saturday, Sept. 21st. Hon. L. P. Harvey, Wm. L. Mitchell and C. G. Williams will be present on the occasion, and address the people with immediate reference to the completing of the Rock and Green county regiment.

ELECTION OF OFFICERS.—The election of non-commissioned officers of the "Ruger Guards" will take place on Thursday evening at 8 o'clock, P. M. Let every member be at the armory at 7 P. M., precisely. Per order of ED. RUGER, Capt.

A CLERGYMAN, who has been compelled to leave the south on account of his loyalty, and is thus suddenly deprived of all means of supporting his family, is desirous of obtaining a class in German and French. His terms will be moderate. Those who from patriotic or other motives, are willing to furnish scholars, are requested to leave their names with either the Rev. Mr. Myers, or Rev. Mr. Spalding, without delay. Janesville, Sept. 17th, 1861. J21.

SWORD PRESENTATION.—Swords will be presented to the commissioned officers of the Orfordville Volunteers, at Orfordville, on Saturday afternoon next.

FRESH OYSTERS.—Thos. Woollicroft has received a large supply of these delicious bivalves, and is prepared to supply dealers at wholesale or retail. He also serves them up in every style, and at all hours.

WE have quite an amusing incident in the volunteer line, related by a correspondent at Bradford, but as we are not entrusted with the name of the writer, we cannot gratify the reader with its publication.

GOOD GRIT.—The patriotic young ladies of the town of Porter have passed a solemn resolution, that they will not hereafter permit any young man to escort them to a ball or party who refuses to enlist in defence of the country. This we call the right kind of spunk on the part of these young ladies, and it must have the effect of sending all the young men of that town to the wars, or of compelling them to emigrate to some less patriotic place. W. S. C.

The rumor in circulation that the Union Guards, of Evansville, had united with the Zouaves of this city, is incorrect.

THE FOOTVILLE ZOUAVES, Capt. Couch, arrived to-day. There are 26 men in the company, who will unite with the Union Guards of Evansville.

LOST.—A package of money, in an American Express envelope, somewhere between the Corn Exchange and the Chapin warehouse. The finder will be liberally rewarded by leaving the same at this office. Janesville, Sept. 18th, 1861.

PANORAMA OF THE WAR.—Our readers will bear in mind that this fine painting is now on exhibition at Lappin's Hall. Every person should go and see it while they have an opportunity. The doors will be open this evening at 7 o'clock.

Harmony War Meeting.

At the adjourned meeting on Saturday the 14th inst., the committee appointed to get recruits for the Rock county regiment reported as follows: There are now already fifteen from this town enlisted in companies now forming, and there is a prospect of getting twenty-five more as soon as some of the men can arrange their business so that they can leave. They further reported that there are already twenty-seven now at the seat of war from this town, and in their opinion the town of Harmony has done as much, if not more, according to population, in furnishing men for the war, than any other town or city in the county.

And it may as well be stated now, and there has a wrong impression gone abroad about the company formed in the town of Harmony, that the company never was formed to offer their service as a company, but it was to be a kind of military school where young men could be drilled, and be ready at all times to join other companies, and be ready for service, and every one that can leave has now and will join other companies. The company will remain and drill and receive new members, and every young man and all who are willing to learn the movements of a soldier are invited to join.

The captain having resigned, and the second lieutenant joined a company in the Rock county regiment, the company will hold an election to fill vacancies, on Saturday the 21st at 2 o'clock P. M., at the house of Mr. J. Boyd, by order of the 1st sergeant.

The meeting adjourned to Sept. 28th, at 4 o'clock P. M., and as there is other business connected with the war fund to be transacted, every one is requested to attend.

GEORGE WILBUR, Chairman.

PETER SCHMITZ, Secretary.

General Order No. 17.

ADJUTANT GENERAL'S OFFICE,
MADISON, Sept. 17, 1861.

The counties of Rock and Green are hereby authorized to raise a regiment, to constitute and be called the Thirteenth Regiment, Wisconsin Volunteers.

The citizens of these counties are hereby authorized to enlist volunteers, for the purpose of filling said regiment.

The regiment will consist of ten companies, and each company will consist of not less than eighty-three, nor more than one hundred and one men, rank and file.

As soon as forty men or over are enlisted in any company, upon reporting to this office said company will be ordered into quarters, at the expense of the state.

When companies are filled to sixty-five men, mustered into the service of the state, they are authorized to hold an election for company officers, in the active service, with not less than sixty-five members present and voting for such officers.

No volunteer or member of any company will be allowed to go into quarters at the expense of the state without first taking the oath prescribed by chapter four, of section seven, of the laws of the extra session of 1861.

The camp of rendezvous of said regiment will be located at the city of Janesville, in the county of Rock.

By order of the Commander-in-Chief,
WM. L. UTLEY,
Adjutant General Wisconsin.

IMPORTANT FROM ST. JOSEPH, MO.—Mr. Miner, proprietor of the Pater House, the principal hotel in St. Joseph, Mo., reached this city this morning, having left there on Saturday morning last.

He says the federal troops have re-possessed themselves of the city of St. Joseph. The rebels had occupied the town for about a week, but on Friday last the Kansas state troops, entered the city and drove out the rebels and are now in quiet possession.

The Union troops there number about six thousand. The rebels took to their heels when the federal forces approached, but a large number of them were nevertheless captured, and are now in the hands of our troops, together with many slaves employed by the rebels, who will be confiscated.

While the rebels had possession of the city they committed many excesses, robbing stores and seizing the private property of Union men. Mr. Miner says his federal flag is the only one remaining at St. Joseph, and he kept it flying over his hotel all the time the rebels were there, and he and his boarders being well armed, defied them to remove it. They did not attempt to do it.

It took Mr. Miner thirty-two hours to get through from St. Joseph to Hannibal.—There are several breaks along the road, where the rebels have torn up the track. This train is the first that has come through for over a week, and it was fired upon by skulking bands of secession guerrillas three times before reaching Hannibal.—Chicago Journal.

MAJOR SLEMMER'S SHARP DEALING AMONG THE REBELS.—HE SHOTS HIS PRISONERS.—Gentlemen who arrived yesterday from Roane county, report that they have recently had very exciting times in Roane and Wirt counties. Major Slemmer of Gen. Rosecrans' staff was sent down to Spencer with a force sufficient to clean out the secession of that vicinity. Unfortunately the coming of Slemmer was ascertained by the rebels, who managed to escape from the vicinity of Spencer. The latter part of last week, however, Slemmer encountered a considerable force of secessionists at Big Bend, Wirt county, about ten miles from Burning Springs, and after skirmishing with them two or three days caused them to beat a retreat with a loss of fifteen killed. Lieut. McClosky, of the Union company from Ritchie county, was shot in the abdomen, and after lingering about twenty-four hours died. The Union forces then burned the house of Peter Seiberg, a prominent secession leader, and also the house of another rebel whose names we did not learn. Both of the houses were fortified.

Two rebels who had taken the oath of allegiance, and were caught with arms in their hands, were taken out and shot. Two more men, caught under similar circumstances, were to have been shot the next day. Major Slemmer in marching through Roane county, found eight dead bodies in an obscure thicket. It is not known whether the bodies are those of Union men or rebels. Major Slemmer is satisfied that they have signal rockets to warn one another of the approach of his force. They also have a signal like the lighting of an owl, which is very advantageous. By these and other means they are enabled to elude the pursuit of Slemmer's command and to scatter into small bodies.

The military authorities at Parkersburg are tightening the lines upon the rebels and inaugurating vigorous means to crush rebellion in that part of the country. No man is permitted to leave the town without a pass, and without first taking the oath of allegiance. Guards are placed upon all the roads leading from the town. Major Slemmer has taken possession of the town of Spencer in Roane county, and made it his headquarters.

Janesville Fire Zouaves.

This company has been sworn into the service of the United States, has received its tents and camp equipment. The members have received their uniforms except the trousers. They are now needed to fill the company to the required number. For the purpose of getting these men a Recruiting Officer, for this company, will be found at the Clothing Store of B. Bornheim until the required number is obtained.

WM. B. BRITTON, Captain.
Janesville, Sept. 5th, 1861. sep5dtf

A GREAT DISCOVERY.

It has been discovered by thousands of house-keepers in different sections of the country that D. B. Land & Co.'s Chemical Saleratus is the only Saleratus that will produce a uniform result and give perfect satisfaction. If once you try it, you will always buy it.

Democratic Assembly District Convention.

The Democrats of the towns of Clinton, Bradford, Johnston and La Prairie are requested to elect delegates from their several towns, to meet in convention at Emerald Grove, on FRIDAY, the 27th inst, at one o'clock P. M., to choose two delegates to represent the district in the Democratic State Convention, to be held at Madison on the 24th day of October next.

Dated September 16th, 1861. sep16daw

Town of Johnston.

The Democrats of the town of Johnston are hereby notified to meet at the Johnston Center House, on FRIDAY, the 20th inst, at three o'clock P. M., for the purpose of choosing delegates to attend the Assembly District Convention to be held at Emerald Grove, on Friday the 27th inst.

By order of Committee. sep16daw

COMMERCIAL.

GREAT REDUCTION

The Prices

SINGER & CO'S

STANDARD MACHINES.

Well known to be the best for

Manufacturing Purposes:

No. 1, Standard Shuttle Machine, formerly sold at \$90,

Reduced to \$70.

No. 2, Standard Shuttle Machine, formerly sold at \$100,

Reduced to \$75.

Singer's Letter A Machine,

Is the best machine in the world for Family Sewing and Light Manufacturing purposes. Price, (with Hammer), and beautifully ornamented.

FIFTY DOLLARS.

The No. 1 and 2 machines are of great capacity and application for manufacturing purposes. Our No. 3 machine is especially adapted to all kinds of light and heavy

LEATHER WORK.

In Carriage Trimming, Boot and Shoe Making, Harness Making, etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized shafts. There is scarcely any part of a Trimmed shaft which cannot be better done with them than by hand; so that the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold 30 yards of thread, and the large machine work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who make machines for Light Manufacturing purposes. They are especially adapted for the making of machine like those, the interlock stitch, and are destined to be at the service of Family Sewing and Light Manufacturing purposes as our standard machines are for manufacturing purposes in general. We have always on hand

Hemming Gages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own No. 1s, and would want all persons using our machines not to buy any more. We know that there are no other of the most inferior quality, at higher prices than we charge for the best. The machines sold by us are manufactured especially for our machines. A last word may be said for the best machine. Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes. Correspondents will please write their names distinctly. It is all important that we should be in case know the post office, county and state.

All persons requiring information about Sewing Machines, their size, price, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of

I. M. SINGER & CO'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. It will be sent Gratis.

We have made the above Reduction in Prices with the two-fold view of benefiting the people and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them from the iron casting is the smallest piece of cheap metal. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that we can make machines that will stand the test of time. The best designed machines, badly made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair. The quality to be looked for in a machine are: 1st. The quality of the metal of all parts of the machine, 2nd. The quality of the workmanship, 3rd. The quality of the material of all parts of the machine, 4th. The quality of the workmanship, 5th. The quality of the material of all parts of the machine, 6th. The quality of the workmanship, 7th. The quality of the material of all parts of the machine, 8th. The quality of the workmanship, 9th. The quality of the material of all parts of the machine, 10th. The quality of the workmanship, 11th.
